

SE LAB 2

NAME : RISHI J MULE

SRN : PES1UG24AM224

SECTION : D

Epic 1: Research Grant Management

Description: Enable faculty researchers to manage research grants, record expenses, and monitor the remaining grant balance.

User Stories:	As a	I want to	So that
Story 1.1: Manage Research Grant	As a faculty researcher	I want to create and manage research grant information	So that I can keep track of my research funding and grant details
Story 1.2: Record Grant Expense	As a faculty researcher	I want to record expenses against a research grant	So that I can track how the allocated grant funds are being utilized
Story 1.3: Calculate Remaining Grant Balance	As a faculty researcher	I want to calculate the remaining balance of a research grant	So that I can know how much funding is still available

Epic 2: Publication Management

Description: Enable faculty researchers to manage publications and track publication-related information and metrics.

User Stories:	As a	I want to	So that
Story 2.1: Manage Publication	As a faculty researcher	I want to create and manage publication details	So that I can maintain an organized record of my research publications
Story 2.2: Track Publication Metrics	As a faculty researcher	I want to track publication metrics	So that I can evaluate the impact and performance of my research publications

Epic 3: Publication Approval

Description: Provide a structured workflow for submitting publications and obtaining the required approvals from co-authors.

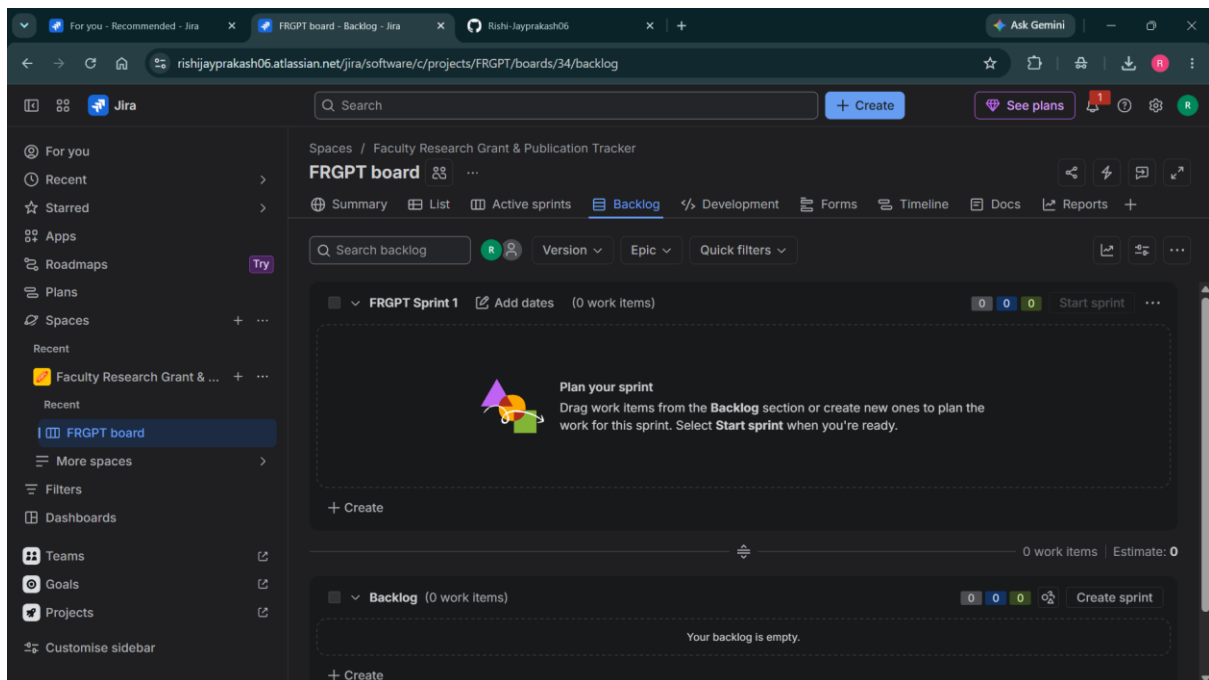

User Stories:	As a	I want to	So that
Story 3.1: Submit Publication for Approval	As a faculty researcher	I want to submit a publication for approval	So that the publication can go through the required approval process before being finalized
Story 3.2: Request Co-author Approval	As a faculty researcher	I want to request approval from my co-authors for a publication	So that all required authors can approve the publication before it is finalized
Story 3.3: View Approval Status	As a faculty researcher	I want to view the approval status of a publication	So that I can know whether the required co-authors have approved it

Epic 4: Research Analytics & Reporting

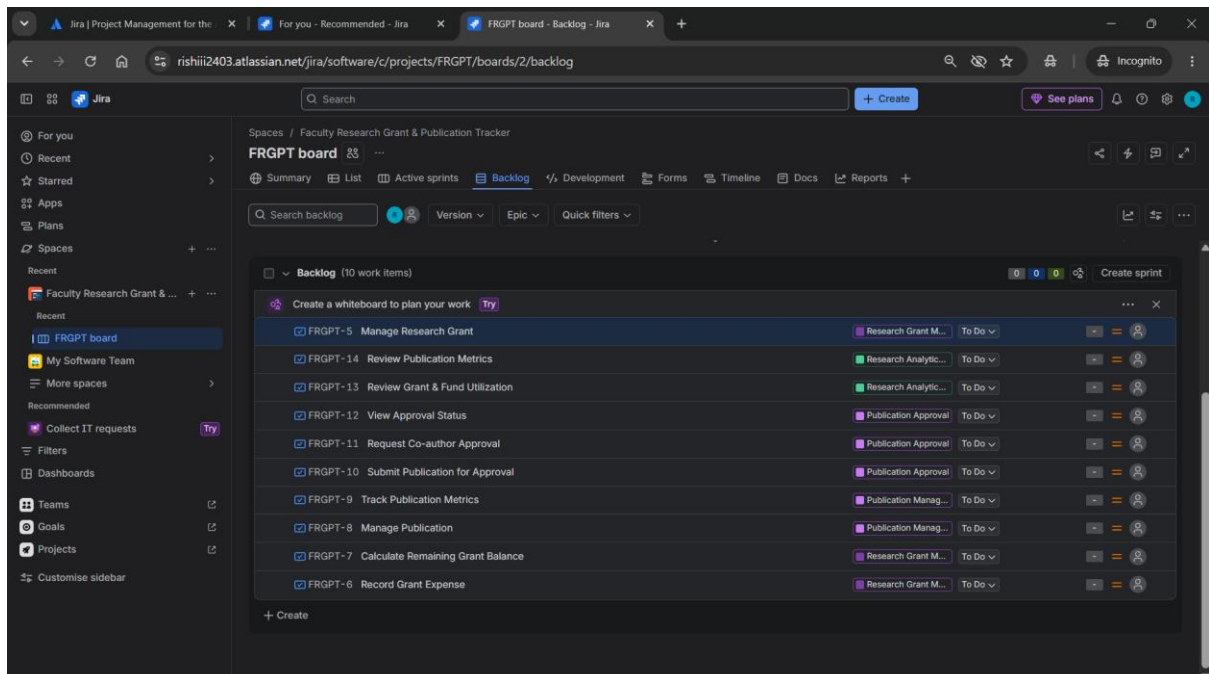

Description: Provide analytics and reporting capabilities to help faculty researchers review grant utilization and publication performance.

User Stories:	As a	I want to	So that
Story 4.1: Review Grant & Fund Utilization	As a faculty researcher	I want to review my grant and fund utilization	So that I can understand how my research funding is being spent
Story 4.2: Review Publication Metrics	As a faculty researcher	I want to review publication metrics	So that I can analyze the performance and impact of my research publications

SCRUM PROJECT CREATED :

CREATED EPICS AND STORIES ACCORDINGLY :

ASSIGNED STORY POINTS TO THE STORIES :

The screenshot shows the Jira interface for the 'FRGPT board' Backlog. The board contains 10 work items, each with a title, a type (e.g., Research Grant M..., Research Analytic..., Publication Approval), a status (To Do), and a story point value. The story points are assigned as follows:

Item ID	Title	Type	Status	Story Points
FRGPT-5	Manage Research Grant	Research Grant M...	To Do	5
FRGPT-14	Review Publication Metrics	Research Analytic...	To Do	5
FRGPT-13	Review Grant & Fund Utilization	Research Analytic...	To Do	8
FRGPT-12	View Approval Status	Publication Approval	To Do	2
FRGPT-11	Request Co-author Approval	Publication Approval	To Do	5
FRGPT-10	Submit Publication for Approval	Publication Approval	To Do	3
FRGPT-9	Track Publication Metrics	Publication Manag...	To Do	5
FRGPT-8	Manage Publication	Publication Manag...	To Do	5
FRGPT-7	Calculate Remaining Grant Balance	Research Grant M...	To Do	3
FRGPT-6	Record Grant Expense	Research Grant M...	To Do	5

ASSIGNED RANKS TO THE STORIES AND ARRANGED IN ORDER :

The screenshot shows the Jira interface for the 'FRGPT board' Backlog, with the stories arranged in order of their assigned ranks. The ranks are assigned as follows:

Item ID	Title	Type	Status	Rank
FRGPT-5	Manage Research Grant	Research Grant M...	To Do	5
FRGPT-6	Record Grant Expense	Research Grant M...	To Do	5
FRGPT-7	Calculate Remaining Grant Balance	Research Grant M...	To Do	3
FRGPT-8	Manage Publication	Publication Manag...	To Do	5
FRGPT-10	Submit Publication for Approval	Publication Approval	To Do	3
FRGPT-11	Request Co-author Approval	Publication Approval	To Do	5
FRGPT-13	Review Grant & Fund Utilization	Research Analytic...	To Do	8
FRGPT-9	Track Publication Metrics	Publication Manag...	To Do	5
FRGPT-12	View Approval Status	Publication Approval	To Do	2
FRGPT-14	Review Publication Metrics	Research Analytic...	To Do	5

SPRINT 1 :

This screenshot shows the Jira interface for the 'FRGPT board' in the 'Faculty Research Grant & Publication Tracker' space. The 'Backlog' tab is selected, displaying a list of 10 work items. The first five items are grouped under 'FRGPT Sprint 1' and are marked as 'Add dates (5 work items)'. The remaining five items are in the general backlog. Each item includes a checkbox, a key (e.g., FRGPT-5), a title, a status, and an assignee. The interface includes a sidebar with navigation options like 'For you', 'Recent', 'Starred', 'Apps', 'Plans', 'Spaces', 'Filters', 'Dashboards', 'Teams', 'Goals', and 'Projects'. The top bar shows the browser address and a search bar.

Item	Key	Title	Status	Assignee
FRGPT-5	Manage Research Grant	Research Grant M...	To Do	[Avatar]
FRGPT-6	Record Grant Expense	Research Grant M...	To Do	[Avatar]
FRGPT-7	Calculate Remaining Grant Balance	Research Grant M...	To Do	[Avatar]
FRGPT-8	Manage Publication	Publication Manag...	To Do	[Avatar]
FRGPT-10	Submit Publication for Approval	Publication Approval	To Do	[Avatar]

FRGPT-11	Request Co-author Approval	Publication Approval	To Do	[Avatar]
FRGPT-13	Review Grant & Fund Utilization	Research Analytic...	To Do	[Avatar]
FRGPT-9	Track Publication Metrics	Publication Manag...	To Do	[Avatar]
FRGPT-12	View Approval Status	Publication Approval	To Do	[Avatar]
FRGPT-14	Review Publication Metrics	Research Analytic...	To Do	[Avatar]
+ Create				

This screenshot shows the 'Start Sprint' dialog box overlaid on the Jira interface. The dialog box contains the following information:

- Sprint name:** FRGPT Sprint 1
- Duration:** 1 week
- Start date:** 01/09/2026, 16:47
- Planned start date:** 01/09/2026, 20:30
- End date:** 08/09/2026, 20:30
- Sprint goal:** Complete core research grant and publication management functionality.

The dialog box also includes a 'Cancel' button and a 'Start' button. The background shows the same Jira interface as the first screenshot, with the 'FRGPT board' and 'Backlog' view.

SPRINT 2 :

This screenshot shows the Jira interface for the 'FRGPT board' in the 'Faculty Research Grant & Publication Tracker' space. The 'Backlog' tab is selected, displaying a list of 5 work items. The items are:

- FRGPT-11: Request Co-author Approval (Publication Approval, To Do, 5h)
- FRGPT-13: Review Grant & Fund Utilization (Research Analytic..., To Do, 8h)
- FRGPT-9: Track Publication Metrics (Publication Manag..., To Do, 5h)
- FRGPT-12: View Approval Status (Publication Approval, To Do, 2h)
- FRGPT-14: Review Publication Metrics (Research Analytic..., To Do, 5h)

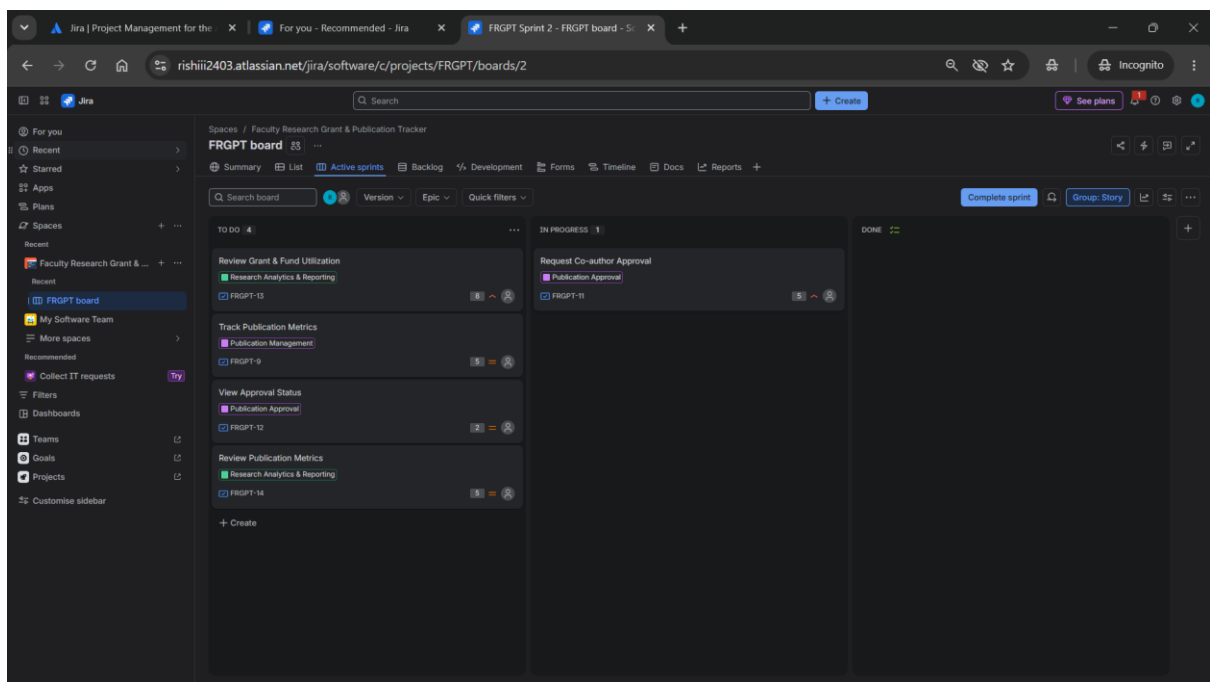

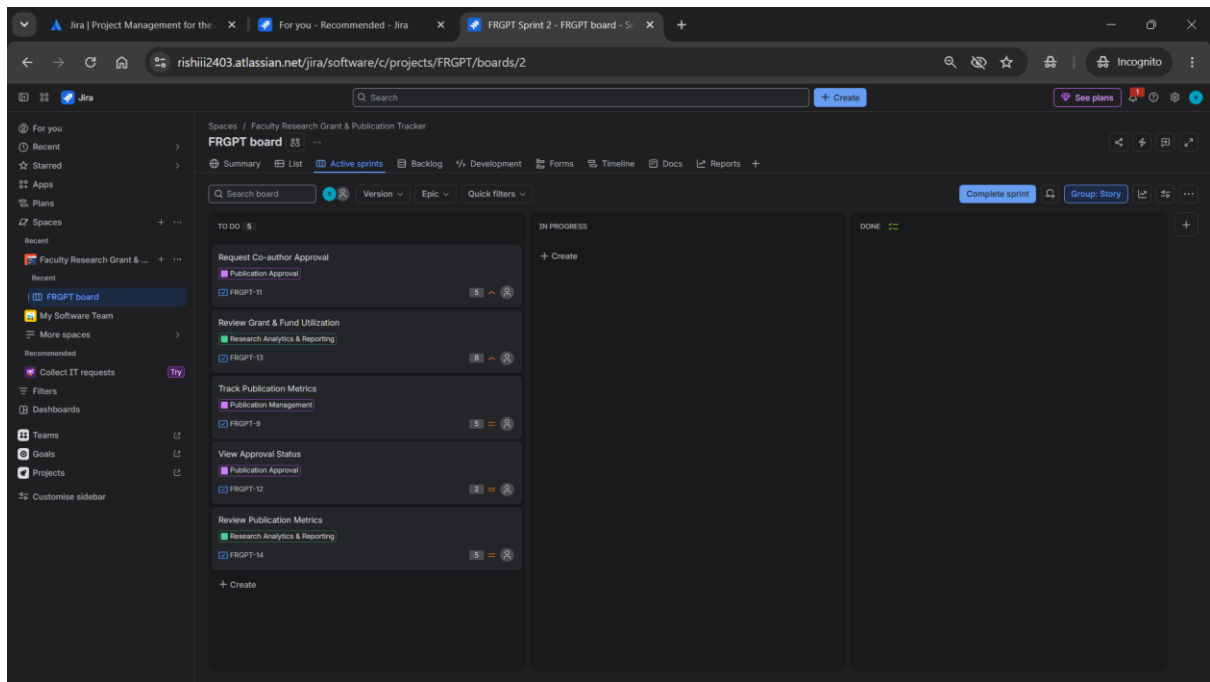

The board shows a total of 5 work items and an estimate of 25. Below the backlog, there is a section for 'Backlog (0 work items)' which is currently empty.

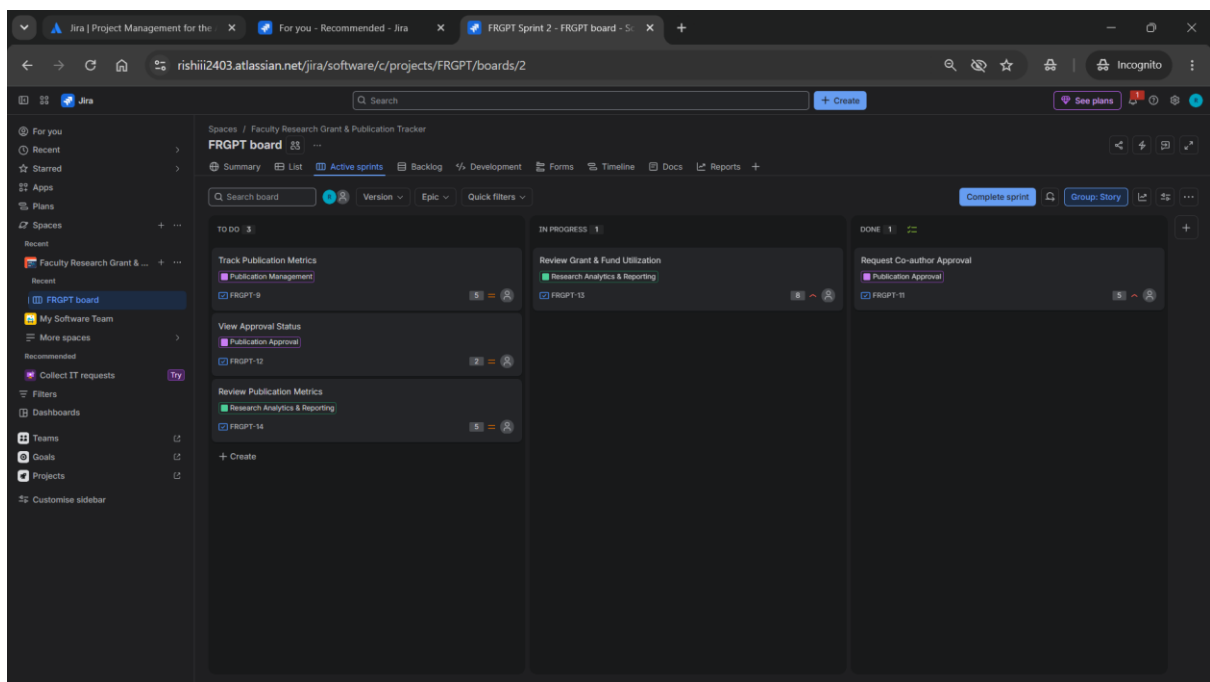

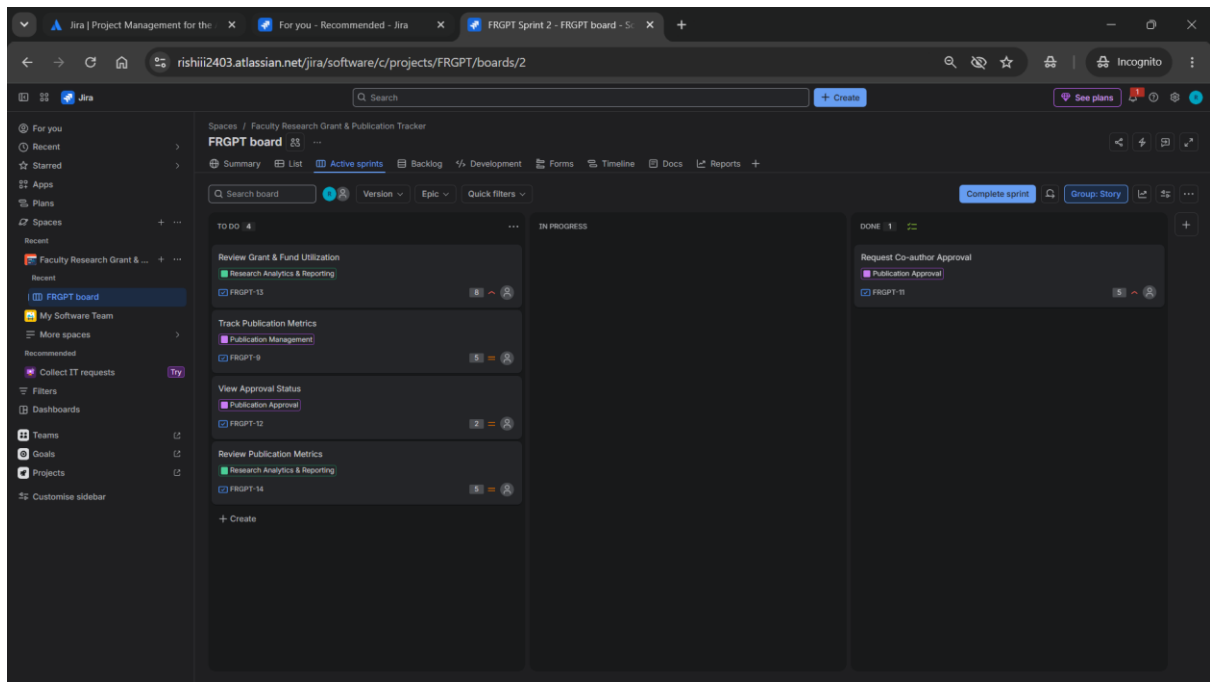

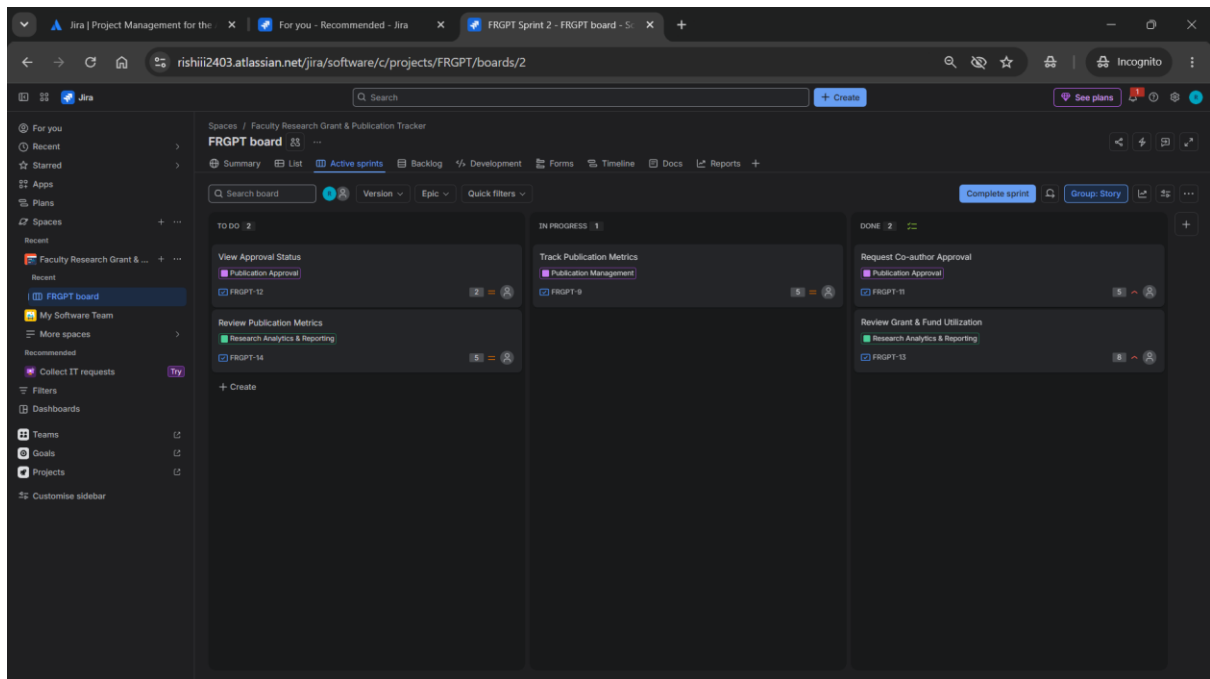

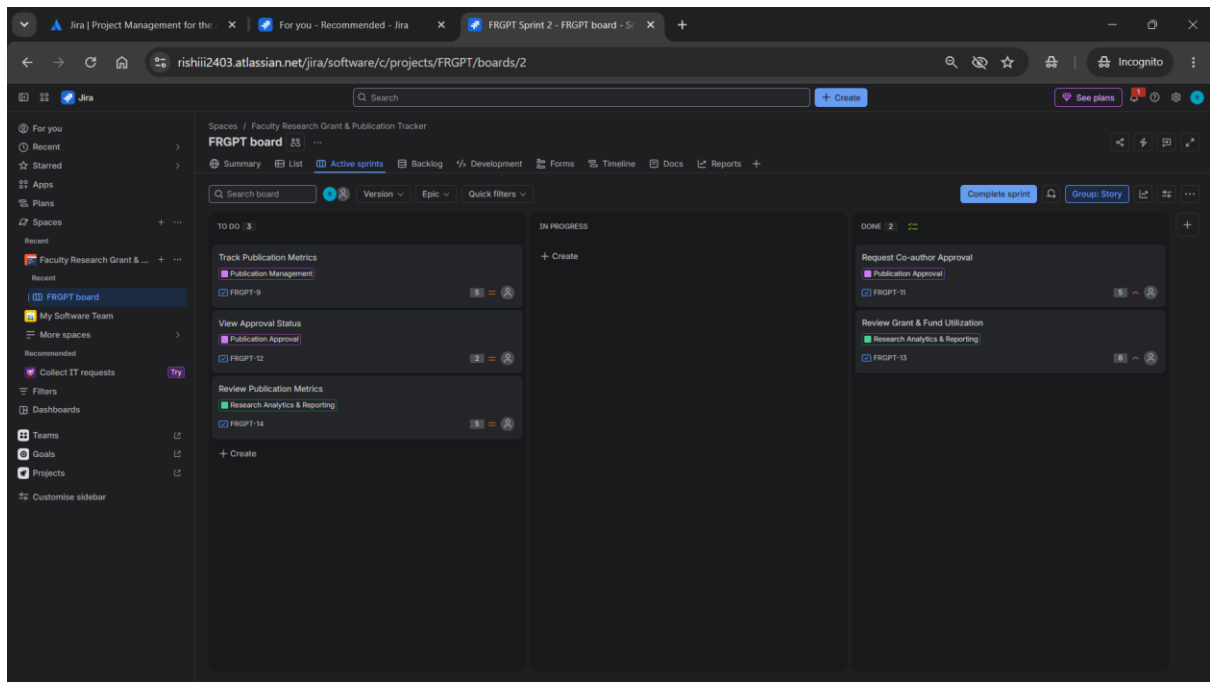

This screenshot shows the 'Start Sprint' dialog box in Jira. The dialog is titled 'Start Sprint' and contains the following information:

- 5 work items will be included in this sprint.**
- Required fields are marked with an asterisk ***
- Sprint name ***: FRGPT Sprint 2
- Duration ***: 1 week
- Start date ***: 01/09/2026, 17:09
- Planned start date: 08/09/2026, 16:47**. A note states: 'A sprint's start date impacts velocity and scope in reports. [Learn more.](#)'
- End date ***: 08/09/2026, 17:09
- Sprint goal**: (Empty text box)

The dialog has 'Cancel' and 'Start' buttons at the bottom right.

COMPLETED SPRINT 2:

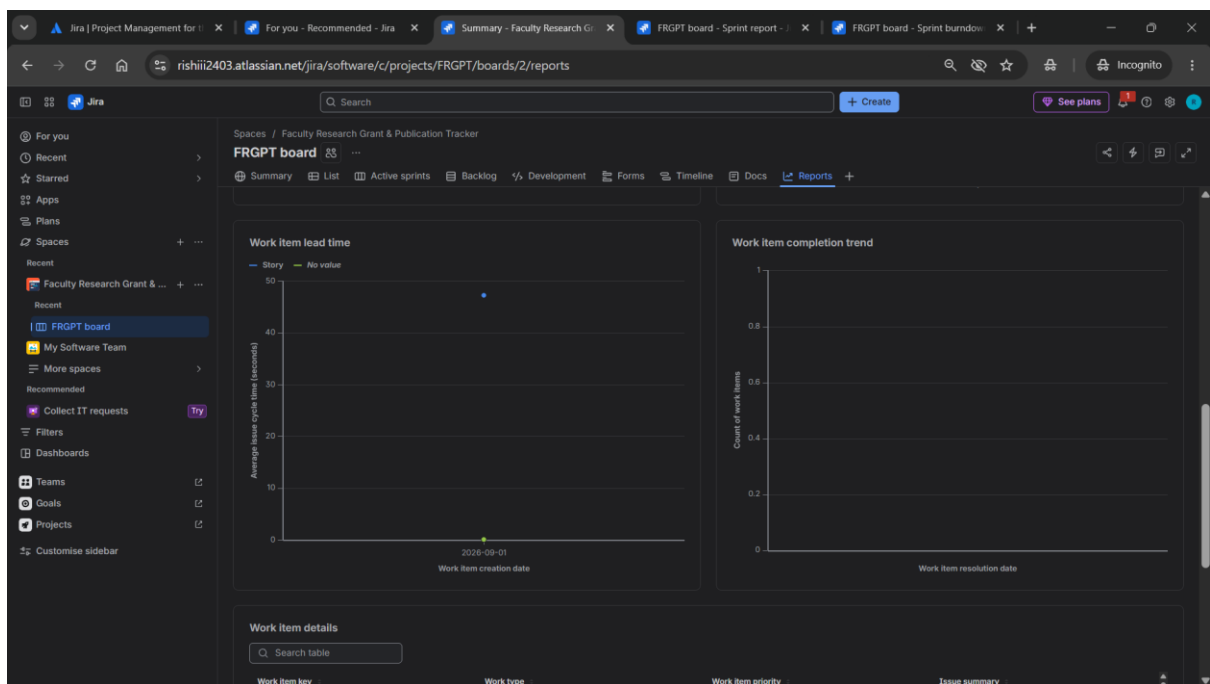

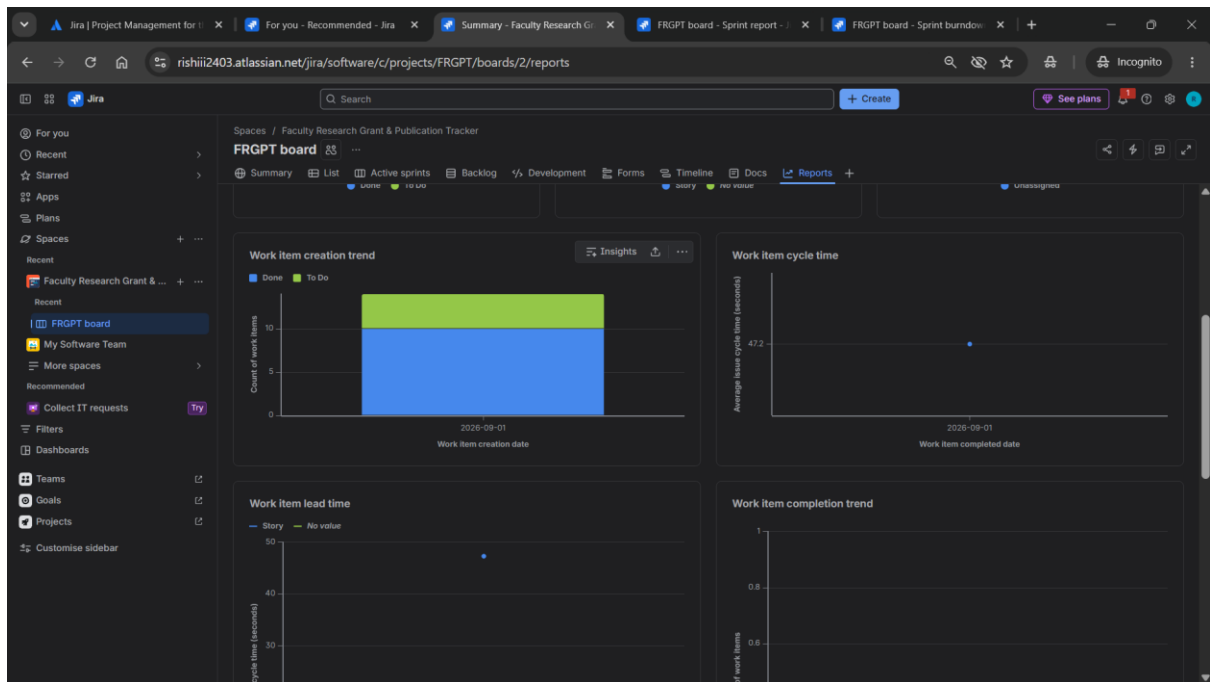

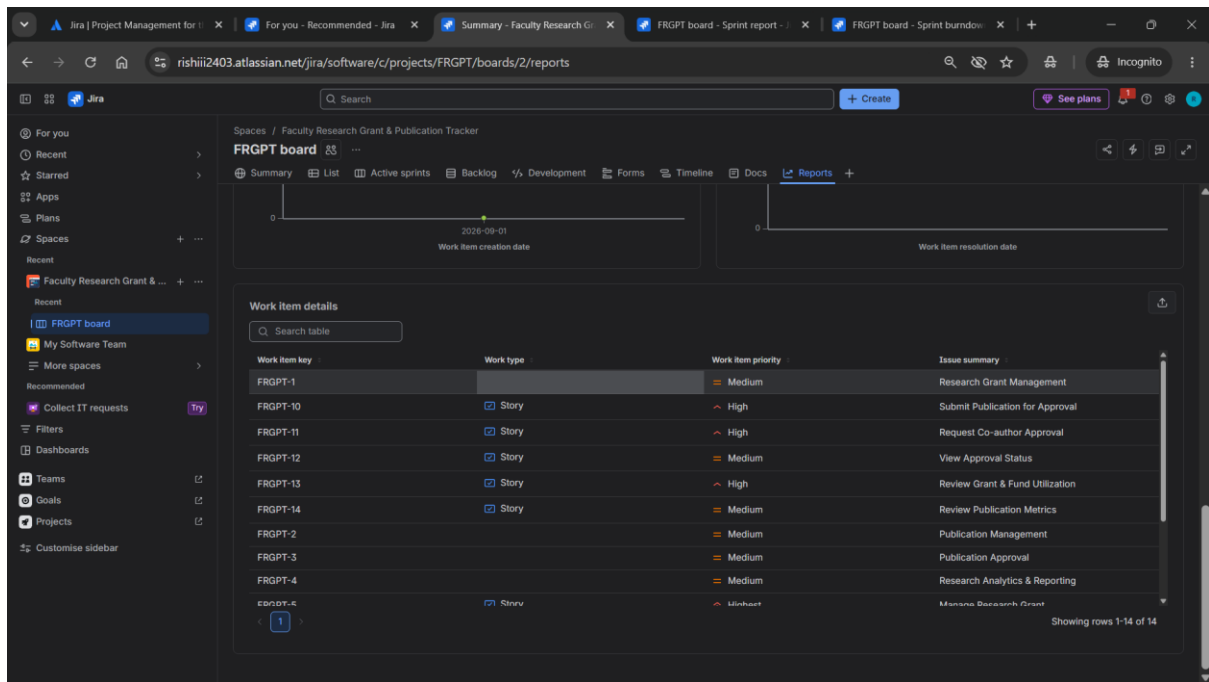

SUMMARY :

FRGPT BOARD :

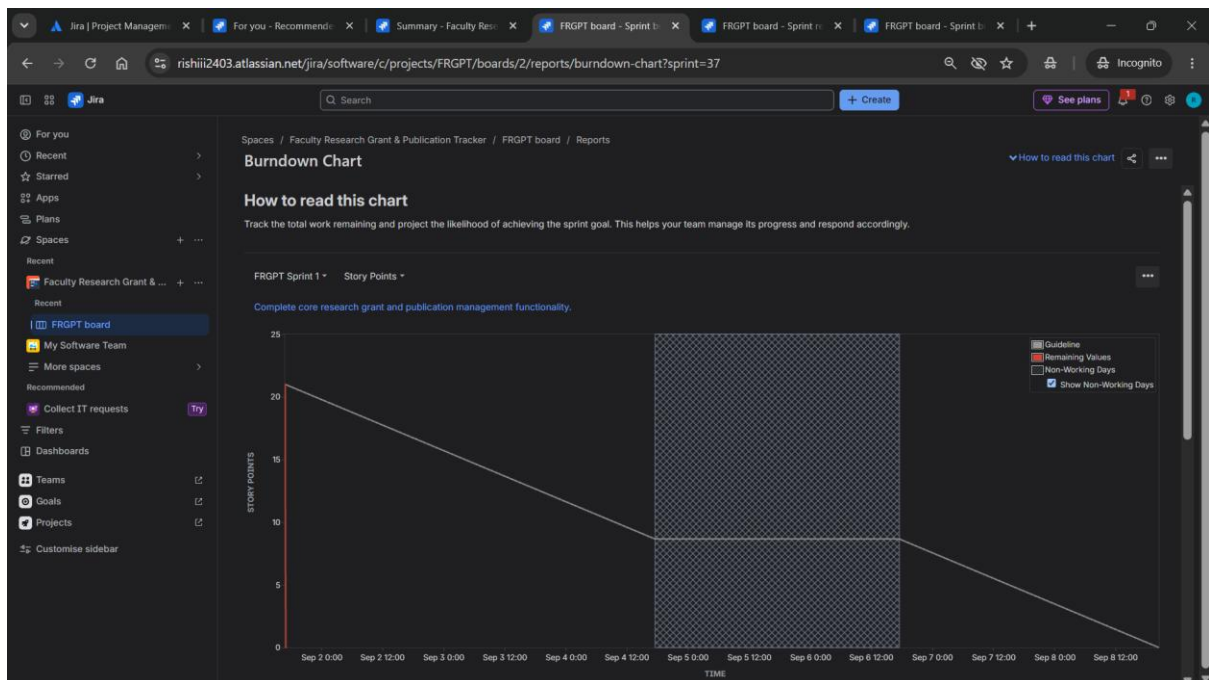

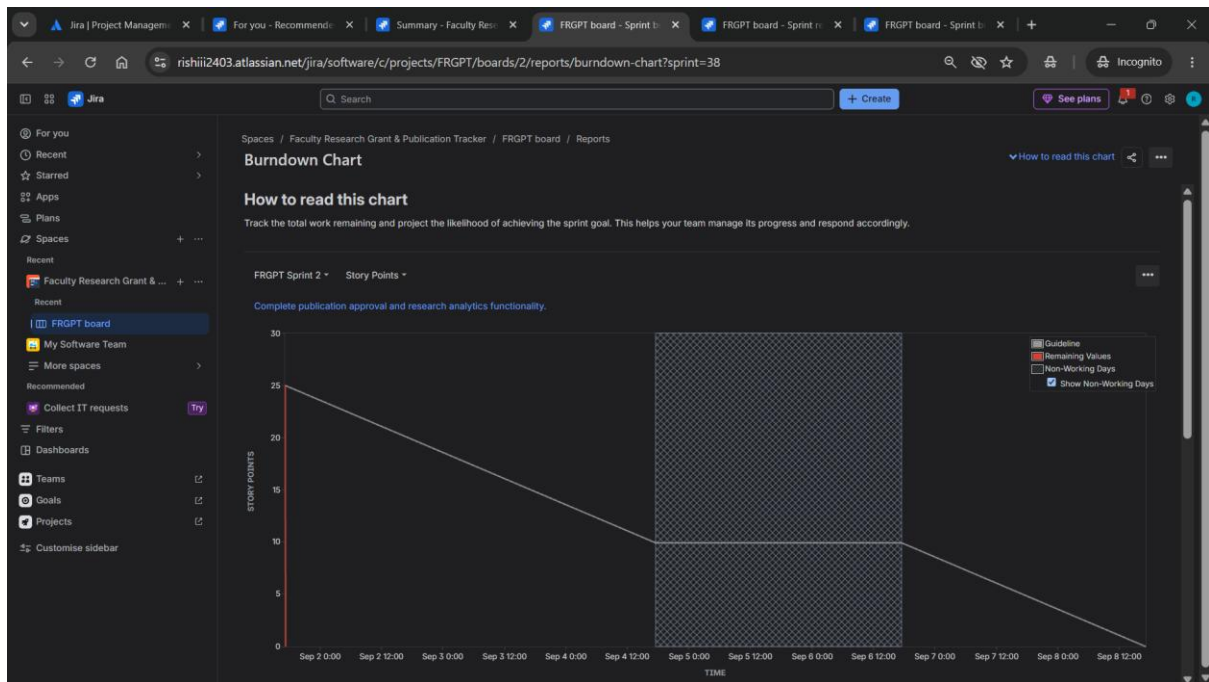

BURNDOWN CHARTS :

SPRINT 1 :

SPRINT 2 :

Individual Reflection :

Working on the **Faculty Research Grant & Publication Tracker (FRGPT)** project helped me understand how Agile methodologies can be applied to a real software project. I learned how to break down a larger system into **Epics and User Stories**, where each story focuses on a specific requirement from the perspective of a user.

Using **Jira** was particularly useful because it allowed me to organize the work into sprints and track each task through different stages such as **To Do, In Progress, and Done**. I also learned how to estimate tasks using **story points** and how these estimates help in planning the amount of work that can realistically be completed in a sprint.

Completing the sprint and examining the **Sprint Report and Burndown Chart** helped me understand how Agile teams evaluate their progress. It showed me that project management is not just about completing individual tasks, but also about monitoring the overall progress of the sprint and comparing the planned work with the completed work.

One of my main takeaways from this activity was the importance of **breaking complex requirements into smaller, manageable tasks**. I also gained practical experience with Jira's project-management features instead of only learning Agile concepts theoretically. Overall, this activity improved my understanding of **Agile planning, sprint management, task estimation, progress tracking, and software project**

organization, and gave me a better idea of how these practices are used in an actual development environment.
